

Our Best Wishes for the Holiday Season!

What an exciting year this has been for the Lumber Heritage Region! It is hard to believe it is coming to a close already.

We have many things to be grateful for this year— from funding secured in these difficult times to our partners in DCNR and other organizations who are looking out for our mutual interests, and so much more.

LHR saw the completion of several of our large projects—the Williamsport River Walk and Timber Trail; the Big Bend Bird Viewing Station in Warren County; a new sign for the Pennsylvania Lumber Museum; and other projects that have become the regional assets we hoped they would be. We also had a successful Commemorative Rifle Raffle and completed our 2nd Annual Photo Contest.

We have expanded our role with the Pennsylvania Wilds Planning Team with Val being promoted to Project Coordinator and with new fiscal responsibilities. We are working more closely with the Pennsylvania Lumber Museum and are working to expand our role in other areas and projects through out the Region.

Next year looks promising with the completion of existing projects and a new grant round expected to be announced in early 2011. We have some educational projects coming up and a potential traveling exhibit that will expand our presence in the Region. These are some of our goals. We will continue to preserve, relate, and enhance the history and heritage of the People of Pennsylvania and their relationship with our magnificent forests and waterways.

Val & I wish you the very best that the Holiday Season has to offer!
